EXPERIENCE

Graphic Design Manager at CSE CLUB -- 2022 - 2023

- CSE club is the scientific club of ESI EX INI.
- Collaborated with the marketing team of the club to design eye-catching posters, banners, that communicated our club's activities.
- Led a team of graphic designers, providing guidance, and feedback to ensure the delivery of high-quality design work.

Mentor at CSE CLUB -- OCT 2022 - JAN 2023

- Served as a mentor for an intern project within the CSE club.
- Provided leadership and guidance to a team of nearly 20 participants over a span of 3 months.
- Developed a digital solution for the assigned challenge with my team.

Hackathons Participant -- 2022 - Current

- Took part in various hackathons, both within and beyond my college, such as IWD22 hosted by GDG ESI Algiers and Micro hack organized by Micro Club USTHB.
- Enriched me with a wealth of skills, encompassing teamwork, stress management, and the rapid crafting of digital solutions under time constraints.

PROJECTS

A web platform - Doc Talent

- A school project realized in exactly 10 weeks within a team of 6 members.
- An innovative platform designed to streamline the management of registrations, research, and statistics for doctoral students.
- Enables the management of student records, tracking their progress, and accessing detailed statistics.

A Desktop Planner - MyPlanner

- A school project realized in a span of 6 weeks with my team-mate.
- A desktop application offering many features such as:
  - *Calendar View*: enabling users to visualize their schedule.
  - *Task Management*: Allowing users to create, categorize, and prioritize tasks.
  - *Time Blocking*: Enabling users to allocate specific time slots for different tasks
